

Everybody runs. Some run from God. Some run to God. Some run against God. While others run with God.

The truth is we are always running and, for better or worse, the way we run *changes* us.

Come join us on March 7th, 2015 with over 1000 young people who are just like you: always running.

Experience God in a fresh way, engage the realities of life with Scripture, be encouraged by one another and be empowered to change for the better by running with God on his mission.
